## What is HealthChoice?

HealthChoice is Maryland's Medicaid managed care program. Most people with Medicaid are required to enroll in a managed care organization (MCO). If you applied for Medicaid through the Maryland Health Connection you had the opportunity to enroll when you applied. If you did not self-select, the State will assign you to an MCO. Not sure what you need to do now? Call the HealthChoice Help Line at 1-800-284-4510.

## Need help finding a doctor or getting your medicine?

Once you are enrolled in your MCO, you will get most of your health care through the MCO. Call the member service number on your MCO card for more information. If you are not eligible for HealthChoice or not yet enrolled, call Medicaid Beneficiary Services at 1-800-492-5231 - Option #2, to find a doctor who accepts Medicaid. If you need help with your prescriptions select Option #3 for the Pharmacy Hotline.

## Have questions about Medicare?

If you have Medicare and Medicaid, most of your health care services and prescriptions will be covered by Medicare not the Medicaid Program. Medicaid will pay your premiums and deductibles. If you have questions, call 1-800-MEDICARE (1-800-633-4227).

## EPSDT- extra services for children?

*Early & Periodic Screening, Diagnosis and Treatment (EPSDT) offers preventive screenings and comprehensive medically necessary treatment services for all children enrolled in Medicaid and MCHP- from birth to age twenty-one (21). EPSDT services include immunizations, periodic health screenings, lead screening and testing, vision, hearing, and dental services... and more.*
