Required Documentation 1.1.1: Provide details of the Offeror's experience working with public exchanges or similar organizations and with carriers operating within those marketplaces. Provide the name of every client that has contracted with the Bidder for marketplace-related information technology solutions and/or business process supports in the last five years, the contract dates, and a short description of the scope of services for each contract.

Similar organization refers to entities with key characteristics or functions comparable to state-based exchange small business programs. This also includes companies that provide premium aggregation and billing services within private or public exchanges or similar healthcare-related programs such as health insurance companies, state governments, or employer groups.

This list is not exhaustive and is intended to provide examples of organizations that would qualify as "similar organizations" to state exchanges or insurance companies. Offerors are expected to demonstrate experience in providing services relevant to premium aggregation, billing solutions, or similar services to entities that align with these criteria.

MHBE is committed to maintaining an inclusive and equitable RFP process aimed at selecting a qualified offeror possessing the experience and technology defined in the requirements for processing billing and aggregation. All offerors who meet the qualifications outlined in the RFP are invited to submit their proposals. Responses will be evaluated in a fair and impartial manner.
